

The CRA is downsizing and relocating the club's storage unit from Uptown, Minneapolis to a newly constructed facility in Brooklyn Center. This effort will help us reduce operating costs and keep racing with the CRA as affordable as superbike racing can be.

We will need two volunteers to assist with the move from 12-4p on Saturday, February 5th. Volunteers will need a vehicle to help haul the contents of the storage locker to the new location. Join the CRA moving company and you can earn volunteer points during the off season.

Please contact Membership@CRA-MN.com to volunteer.
